

Ionic Detox Footbath

Benefits

- Stimulate immune system
- Improve digestion
- Enhance nutrient absorption
- Increase energy
- Clear skin
- Assist in weight management
- Relieve pain and tension from headaches
- Balance pH levels in body
- Improve sleep

Excess toxins from pesticides, food additives, preservatives, chemicals, medications are often stored in fat cells and organs when the body is unable to properly metabolize and eliminate them. Ionic footbaths can significantly improve the body's natural detoxification processes and promote good health and longevity.
